MiSM COIN (Inovation 2021)

Achieve

Realize the world famous crypto MiSM coin.

Mission

Making MiSM coins to future inovation 2021
(Cryptocurrency)

Goal

All transaction the world with payments using
MiSM coins in the future.

Purpose of MiSM Coin

The MiSM Coin project is realized to all sections of society because there are several reasons and so that the world of digital currency will be able to know more about cryptocurrencies.

01

Use MiSM Coin for all local bill payment transactions and future transactions.

02

Make MiSM Coin the top choice when making digital payments.

03

Make foreign money transfers for other countries using MiSM Coin.

04

Providing Fund Contribution to all community in country of 5% for each transaction fee.

Why MiSM Coin?

MiSM Coin was created to facilitate work across the country. The transaction is fast and does not waste time as well as the cost of reasonable charges. It is in line with the recommendations of the world of digital currency should be expanded and validated in transactions of purchases, transfers, as well as transactions involving high cost charges.

MiSM Coin also does not charge any high costs as it uses the BNB Smart Chain currency exchange.

MiSM Coin's future plan is to ensure that it can help everyone in the country towards digital currency. 5% of the transaction fee will also be channeled to charities. The company is also legal and has a license from Suruhanjaya Syarikat Malaysia (Malaysia).

Why MiSM Coin?

This project is a long term project. In future discussions we would like to publish another MiSM Coin in gold form, as well as a Coin that can be used in the official affairs of the Games. This coin is also not limited to Malaysia but is targeted at everyone in the country. The MiSM Coin issued has a certain limit and we will ensure that the level of usability and capability of MiSM Coin is 100%. For a start we launched MiSM Coin for lightning fast payment and delivery facilities and low cost.
